## USCARRIER TELECOM, LLC

### Statement of CPNI Operating Procedures

February 5, 2010

- 1) USCarrier Telecom, LLC ("USCarrier") provides inter and intraLATA long haul broadband transport services to telecommunication carriers. USCarrier's network customers include competitive local exchange and wireless carriers, local Internet service providers, local municipalities, state government agencies and incumbent local exchange carriers.
- 2) USCarrier resells wholesale voice long distance services, including international, inter and intraLATA voice services, to incumbent local exchange carriers. USCarrier does not resell the services to end users.
- 3) Neither does USCarrier offer any form of Commercial Mobile Radio Service.
- 4) Further, USCarrier does not release CPNI to any third party, including affiliates. Nor does USCarrier engage in any marketing campaigns which utilize CPNI.
- 5) Thus, all CPNI obtained by USCarrier is retained for the exclusive use of USCarrier. USCarrier does not sell telecommunications services to end users.

Accordingly, USCarrier makes no use of CPNI in any manner which would require USCarrier to obtain approval from its customers. As such, USCarrier believes its current operations do not fall under the CPNI protection requirements established by 47 C.F.R. §§ 64.2001 – 64.2009. USCarrier is of course cognizant of its obligations to protect CPNI and will immediately implement such protective measures when its sales and/or marketing operations warrant the same.
